Dear Students,

Please reply to this email, just one time, no later than Sunday, August 29, being sure to attach a PDF file containing your text mining work for Week 1 of the semester.

Details of expectations can be found in the formal specification of the assignment, which I will spend a little bit more time talking about in class on Wednesday.

The TM code in the subject header of this email? TM is a sign! It stands for "the text mining assignment". When you see TM, you should think of all things pertaining to your text mining assignment.

And, just for the sake of convenience, here are links to the three text mining assignment related documents that I have shared with you:
